B.C.'s south coast is home to approximately 80 resident orca whales. Marine biologists believe this endangered population could be pushed to extinction by a sharp increase in shipping activity. Thinking about this, would you be more or less likely to support oil tanker projects on the south coast?

Survey on Oil Tankers in British Columbia - November 2016

During the last federal election campaign, Prime Minister Justin Trudeau promised leadership on climate change and a new relationship with First Nations. Thinking about this, do you agree or disagree with this statement? – “If the federal government approves the Kinder Morgan pipeline and oil tanker project, it would be a contradiction of Trudeau's promises.”
